CHANCELLOR'S ADVISORY COUNCIL
Meeting Summary
November 12, 2021

Present: Cheryl Balm, Anthony Cervantes, Bernadine Fong, Fatai Heimuli, Lloyd Holmes, Adrienne Hypolite, Heidi King, Kathryn Maurer, Judy Miner, Mallory Newell, Paula Norsell (for Lindsay West), Elvin Ramos, Tim Shively, Chris White

Guests: Becky Bartindale, Ines Cordoba Robyn, Scott Olsen, Eric Reed, Sarah Wallace

1. Welcome and introductions

Chancellor Miner welcomed council members and guests and introduced new council member Elvin Ramos, who has been selected president of the recently resurrected Multicultural Staff Association.

Noting that the draft remote work policy and procedure were not included on the Chancellor's Advisory Council meeting agenda as originally anticipated, Heidi stated that the De Anza College Classified Senate would like it noted that many classified professionals are already returning to campus and are facing insensitive and inequitable directives when it comes to both remote and campus work schedules. She added that the district seems to be reverting to antiquated policies very quickly and missing the spirit of equity as it relates to employees. Judy asked that Heidi send comments regarding the draft policy and procedure as well as the challenges that classified professional are encountering to Chancellor's Cabinet. She promised to include a discussion of the subject on the November 16, 2021, Chancellor's Cabinet meeting agenda and to provide a response to Heidi promptly thereafter.

2. Approval of October 22, 2021, meeting summary

The October 22, 2021, Chancellor's Advisory Council (CAC) meeting summary was approved by consensus.

3. District initiatives update

Affordable Housing Task Force update

Eric reported that the Affordable Housing Task Force submitted a planning grant application for \$2,157,710 in funding from the Higher Education Student Housing Grant Program established by Senate Bill 169. He advised if the grant funds are awarded, the district would have the opportunity to explore the feasibility of building student housing on the De Anza and Foothill campuses and potentially begin the planning process for construction.

Judy provided highlights of the recent Assembly Budget Subcommittee on Education Finance hearing held regarding student housing, noting that a [report](#) of the Legislative Analyst's Office prepared for the hearing showed that grant applications far exceed the funds allocated. She added that the Department of Finance is scheduled to compile a list of projects to recommend for funding by March 1, 2022.

4. Board of Trustees Priorities 2021-22

Judy advised that the governing board is interested in moving forward in reimagining the district, but Chancellor's Cabinet has recognized that in order to have the broad discussions and collaboration needed for such a far-reaching and inclusive process, a broader timeline that will extend beyond the academic year will be required.

Heidi commented that because many of the district's administrative procedures, including the draft remote work procedure currently under consideration, directly impact employees and do not match the spirit of the Board's priorities, the De Anza Classified Senate recommends that the board priority 4 be changed to read as follows:

4. Through the Chancellor and Presidents, work with District constituents at all levels to identify systemic inequities and elements of institutional racism in District policies and practices and adopt strategies aimed at dismantling those oppressive structures, reducing or eliminating equity gaps, and enhancing student **and employee** social/emotional well-being and success, including attending to students' nonacademic needs, such as affordable housing and setting clear expectations for law enforcement.

5. Enrollment management

Judy reported that she is working to identify resources to support both reimagining the district and the creation of a districtwide Enrollment Management Committee. She also reported progress in the search for a permanent executive director of the International Student Programs, noting that the new executive director will play an important role in stemming the enrollment decline by examining new markets and recruitment as the world struggles to emerge from the pandemic.

Lloyd advised that he will be sharing results of the most recent student survey regarding the return to campus at his November 15, 2021, Q&A with Senior Staff meeting. He stated that De Anza has been working to expand enrollment by connecting with and looking for better ways to meet the needs of the community. He also spoke of the Guided Pathways Villages' potential to increase retention and announced that the college is working on an application for the Aspen Prize.

In response to a question from Elvin about expanding the enrollment of the adult population as high school enrollment continues to decline, Judy spoke of discussions with the Fremont Union High School District adult education program to offer classes and/or house some operations at the Sunnyvale Center. She also highlighted Foothill's work with Amazon Web Services and De Anza's new autonomous vehicle technician training partnership. Judy noted that Randy Bryant, Dean of Career Technical Education (CTE) and Workforce Development at De Anza, advocated for the district to waive enrollment

fees for college classes for adult education students, and Teresa Ong, Associate Vice President of Workforce Development and CTE at Foothill, has developed a strong relationship with NOVAworks, which provides federally funded workforce development services for Santa Clara and San Mateo counties. Lloyd added that De Anza is looking to expand community education offerings and develop class schedules that are more convenient for working adults. Bernadine commented that there is also an opportunity to serve retirees who want to stay active as well as those who are mid-career and may be interested in moving from physically taxing careers in areas such as nursing or the trades to management.

Committee members discussed the return to campus with Tim supporting accelerating the process by encouraging people to return through messaging for the spring quarter that gives everyone the confidence they need to feel safe. Bernadine spoke of the need to move forward with a much more robust on campus presence in winter and spring, particularly in light of the recruitment of a new Foothill president.

Heidi commented that there hasn't been a good discussion yet about what the district will look like after a return to campus and what the goals will be around the percentage of classes remaining online. She noted that it feels as though we are continuing to be reactive, which makes it difficult to plan and to help people transition back to campus. Cheryl concurred with Heidi's comments and suggested that long-term planning that defines goals regarding the mix of online and face-to-face instruction would be helpful.

The Foothill-De Anza Community College District (District) is committed to protecting the health and well-being of students, faculty, staff, administrators, and the communities we serve, as well as maintaining higher education access and attainment for our students. As we work toward the safe resumption of increased on-campus learning, working and other activities, we embrace a comprehensive strategy designed to reduce the likelihood of transmission of the COVID-19 virus. This approach contributes to the overarching goal of achieving population-level immunity throughout the Foothill-De Anza Community College District,

In light of the evidence established to date regarding the safety and effectiveness of available COVID-19 vaccines, the District hereby requires that all individuals who access on-site campus/district programs in person or who participate in district operated or controlled off-site district/college services in person comply with this policy. Students and employees are required to be fully vaccinated against COVID-19 unless approved as exempt due to verified medical or religious reasons. Those who do not receive a COVID-19 vaccination may be subject to wearing face coverings and complying with other safety measures. ~~The vaccine requirement is effective on each campus and in Central Services on the later of (1) the first day of the fall 2021 quarter (September 15, 2021, for employees and September 20, 2021, for students); or (2) when a COVID-19 vaccine receives full U.S. Food & Drug Administration (FDA) approval and is readily available.~~

The chancellor shall establish administrative procedures to implement this policy.

In order to access campus/programs, a student or employee may be asked to provide certification of having received an approved COVID-19 vaccine. Students and employees may claim an exemption to the approved vaccine requirement in accordance with District procedures. Any student or employee who does not provide certification may be denied access to campus/programs. Face coverings are required in all indoor settings except as specified in federal, state, and local public health agency guidelines. In the event that the directives of federal, state, and local governing public health agencies differ, the District will comply with the most stringent or restrictive mandate.

In order to access campus/programs, any person, including a visitor, who has not obtained an approved vaccine or claimed an exemption may be subject to other safety measures, as determined by the District.

Contractors shall ensure that their agents and employees undertake appropriate other safety measures. In consideration of the nature of the contractor's services (including proximity to members of the District community), duration, and extent of on-campus presence, the District may also require that a contractor's agents and employees receive an approved vaccine.

The Chancellor's Cabinet may, on rare occasions, consider extenuating or individual circumstances regarding being unvaccinated. Any such consideration shall be consistent with all applicable District policies including those prohibiting discrimination, harassment, and retaliation based on protected status or activity.

This procedure supplements and does not replace District policies and procedures governing other safety measures.

Feedback received regarding potential changes to BP/AP 3507

Define what "fully vaccinated" means in both the BP and AP, as there is much confusion now around what this means. There is also advocacy to require boosters.

Please require boosters, as other colleges are, but don't make us go back to online only.

I think we should consider removing the option for religious exemptions, and only have verified medical exemptions. Given the need for everyone to be vaccinated, this is an important next step to protect employees and students

Such a determination shall include a description of the consultant’s duties and a statement of the extent of disclosure requirements based upon that description. All such determinations are public records and shall be retained for public inspection along with this conflict of interest code.

A "consultant" is an individual who, pursuant to a contract with the District makes a governmental decision whether to:

Such written determination shall include a description of the newly created position’s duties and, based upon that description, a statement of the extent of disclosure requirements. The district’s determination is a public record and shall be retained for public inspection in the same manner and location as this conflict of interest code (Government Code section 81008).

As soon as the district has a newly created position that must file Statements of Economic Interests, the district shall contact the County of Santa Clara Clerk of the Board of Supervisors Form 700 division to notify it of the new position title to be added in the County’s electronic form 700 record management system, known as eDisclosure. A Message from Chancellor Miner

Virtually every plan and decision we make in the Foothill-De Anza Community College District is focused through the lens of equity. This is most certainly true of the technology we deploy. Our use of technology supports equitable access to critical digital resources for all students, faculty, and staff.

Over the years, our technology planning efforts have kept our district at the forefront of innovation and access. Most recently, our technology preparedness was demonstrated with great clarity by the effects of the pandemic. As all of our stakeholders needed to pivot, literally over a weekend, to 100% remote instruction and operations, our readiness to support them was tested to the limits. I am proud to say we passed this test with flying colors. As we emerge from the disruption of the pandemic, I am confident our technology planning efforts will help us sustain some of the important gains we made while responding to the greatest emergency in our lifetime.

I am thankful for the efforts of the Educational Technology Advisory Committee in working closely with our college technology planning bodies to assure the alignment between college and district technology goals. Through this collegial collaboration, our district is optimizing our investment in technology and providing our students, faculty, and staff with a robust, reliable, and consistent educational and professional experience.

Given the substantial accomplishments of our most recent District Technology Plan, I am even more excited to see what can be accomplished in the next three years under this Plan.

I want to close with an expression of the deepest gratitude to Vice Chancellor Joseph Moreau who has provided exemplary leadership for all aspects of our technology efforts. When he retires as of April 30, 2022, his legacy to Foothill-De Anza will endure through his contributions to policy development and systems implementation, and his formation of a team of outstanding professionals. I could not be more proud of all my colleagues in Educational Technology Services.

Sincerely,

Judy C. Miner, Ed.D
Chancellor
