CHANCELLOR'S ADVISORY COUNCIL
Meeting Summary
October 16, 2015

Present: Judy Miner, Becky Bartindale, Randy Bryant, Leo Contreras, Mayra Cruz, Rich Hansen, Carolyn Holcroft, Breeze Wen Liu, Lisa Markus, Lorna Maynard, Kevin McElroy, Kimberlee Messina, Blanche Monary, Marco Monroy, Joe Moreau, Dorene Novotny, Jose Rueda, Karen Smith, David Ulate, Lindsay West

I. Welcome

Chancellor Miner welcomed council members and self-introductions were given.

II. Approval of May 22, 2015, Meeting Summary

The May 22, 2015, meeting summary was approved without changes.

III. Review of Charge, Purpose and Ground Rules

The Chancellor's Advisory Council (CAC) charge, purpose, and ground rules were reviewed and reaffirmed by consensus with a change to reflect revisions made to the district mission statement adopted July 13, 2015.

IV. District Mission Statement and Educational Master Plan Timeline and Process

David distributed and discussed the timeline for review and revision of the district's mission statement and strategic plan. He explained that the CAC will review applicable Accrediting Commission for Community and Junior Colleges (ACCJC) standards and discuss possible changes to the district mission statement at the next meeting. Following that discussion, a subcommittee will work on a draft of the statement and provide periodic reports to the council, feedback will be sought from the colleges, and the revised statement will be presented to the Board of Trustees for adoption by June 2016.

In terms of the district strategic plan, David advised that the CAC will be asked to review the colleges' Educational Master Plans, the previous district plan, ACCJC standards, and other requirements in order to create an outline of the general sections and goals to be included in the plan. A subcommittee will draft a narrative outline, solicit input from the colleges, edit and revise the document, have the colleges provide a final review, and present to the Board of Trustees for information in November and adoption in December 2016. The subcommittee will provide progress reports to CAC and seek the council's feedback and approval of the plan. David noted that the timeline allows the plan to be in place a full year before the next accreditation visit, which should provide enough time for initial assessment.

Carolyn commented that it would be important to have a polished plan available by early October to allow shared governance groups enough time for review.

In response to Mayra's questions, Judy explained that the district plan will pull from the areas of alignment in the college plans and that constituencies will appoint subcommittee members. David added that overlap in the colleges' plans points to a district priority, but there may be some things that are important only from a district perspective.

Lisa asked if town halls would be held at the colleges, and Judy responded that input would be collected both in person through town halls and online through a website that will also allow progress to be tracked. Judy added that it is also important to give the electorate the opportunity to comment and be included in the conversation.

VI. Foothill College President Search Update

Judy advised council members that an open forum to gather input regarding desirable attributes of the next Foothill College president as well as challenges and opportunities facing the successful candidate is scheduled on October 28 from 12:15-1:45 p.m. in the Toyon Room. She noted that those unable to attend the forum in person would have the opportunity to contribute input online.

Judy announced the following appointments to the search committee:

Breeze advised that there were four students who expressed interest in serving on the committee and asked if it would be possible to add two more student representatives. Judy responded that the consultants interviewed for the search felt that the committee was too large as is, but students would have plenty of other opportunities to provide input and participate in the process.

Judy noted that the search website should be operational by November 16.

VI. Other Information and Updates

Judy announced that the district is preparing a self-study report as part of the League for Innovation in the Community College reaffirmation process, which is required any time the district CEO changes. She stated that the Associated Students of Foothill College (ASFC) is working to promote scholarship opportunities and proposing official recognition of transfer students at commencement.

Marco reported that the De Anza Associated Student Body found that attendance improved when the Meet Your Senator Day was changed to Coffee with Your Senator Day. He stated that students are looking into changing general elections from spring to winter so there would be more time to help senators and officers transition into new positions. Additionally, he noted that during the winter quarter, students will be voting on whether or not to implement a student representation fee.

Karen invited those present to attend the upcoming Professional Development Day on student success, which included Thomas Brown as keynote speaker.

Leo announced plans to retire at the end of next year, stated that he is working to train a group of employees for leadership roles in the union, and reported that he has been appointed as the community college representative to the California School Employees Association Research/Negotiations Committee.

Lisa commented that the Faculty Association's executive council voted to endorse the recommendations of the Task Force on Accreditation.

Blanche reported that members of the Association of Classified Employees ratified the new contract, and the union is in the middle of elections and has moved into a new office downstairs from the Faculty Association.

Kimberlee provided positive feedback regarding ASFC's Political Awareness Day, which featured Assemblymember Rich Gordon.

Joe reported that the first Educational Technology Advisory Committee meeting of the year was well attended and that the committee will be working on revising the district level Technology Master Plan this year. He advised that Educational Technology Services has planned town hall meetings regarding the telephone system replacement project and will record one of the meetings for viewing on the district YouTube channel.

Addition of Human Resources and Business Services Representatives to Educational Technology Advisory Committee

Joe asked the council's approval of a recommendation from the Educational Technology Advisory Committee to include representatives from Human Resources and Business Services on the committee. The council approved the additional representatives by consensus.

The meeting was adjourned at 2:57 p.m.
