3. Draft Recommendation of Siting Criteria

The group developed a draft recommendation of siting criteria for any affordable housing project to deliver to the CAC and Board of Trustees. The letter includes a brief justification for each criterion. Erika Flores was not able to attend but submitted comments which were incorporated into the resolution.

We noted that there may be factors that that the district could take to mitigate some issues of location, like providing a shuttle or Lyft credits at times that public transportation is not available. We felt that including this in the resolution would distract from the primary message.

Task force members will check with their constituents, and Eric will meet with Chancellor Miner to review. The group will finalize the document at the Feb 3rd meeting.

Meeting Adjourned at 2:30 PM
