- ❑ FTES remains a major factor in the SCFF – and would continue to have an effect on some funding even if the District were community supported
 - ❑ Anticipated increase in 2020-21 was less than estimated
 - ❑ FHDA increase in 2020-21 has seen a significant reversal based on Summer and early Fall indications for 2021-22
- ❑ Volatility of Nonresident revenue
- ❑ Effect of economy at the local level - Property tax values, effect on enrollment trends
- ❑ Anticipated increases to annual ongoing costs
 - ❑ What type of ongoing changes will result from pandemic experience?
 - ❑ Physical work environment
 - ❑ Change to remote work
 - ❑ “Normal” annual increases

Questions?

2021-22 Adopted Budget Overview

The Adopted Budget for fiscal year 2021-22 reflects the changes that occurred between the Governor's proposed budget in May and the state budget negotiated by the Governor and Legislature in June. The final state budget continues to reflect the positive economic conditions being experienced in California. However, the conservative trend of allocating one-time versus ongoing money for new spending was continued, allowing for the state to roll-back funding in future years if needed, an important component in the district's planning. As noted in the May Revise, the tendency to distribute this funding through multiple smaller, specifically focused proposals was not changed and it will be important to include the reporting and tracking requirements in the implementation of these new measures.

The majority of the variances between the two state budget releases did not significantly change the District's Adopted Budget planning. As a summary, a few of the major differences in ongoing funding from the May Revise to the final approved state budget include:

- COLA increase from 4.05% to 5.07% for the Student Centered Funding Formula (the revised total is now \$7.2 million to the District's allocation).
- \$100 million for increasing full-time faculty (the District's portion is estimated at \$2.5 million)

Some of the noted changes in one-time funding allocations include:

- 100% payoff of the previous fiscal year's deferrals (minimal impact to district operations)
- Increase of \$197 million in deferred maintenance (the total scheduled maintenance/ instructional equipment funding to the district will be \$13.5 million)
- \$90 million increase to part-time faculty office hours (subject to claims reimbursement process)

As shown by the focused areas of funding, there is an intent to provide those support services and professional development skill enhancements that will allow people to recover from the effects of the pandemic as well as continue to meet their existing educational and career goals.

Revenues

The Adopted Budget plans for \$196.3 million in Unrestricted General Fund revenue, which is \$4.3 million higher than prior year's Adopted Budget. The 5.07% COLA increase resulted in a total of \$7.2 million in additional revenue but was offset by a \$3 million decrease in Nonresident revenue. The Adopted Budget assumes the District will continue to be funded under the Student Centered Funding Formula with the Hold Harmless provision. After applying the COLA and the Foothill College size adjustment to the base, the estimated state apportionment revenue is budgeted at \$164.1 million. The

final resident enrollment results were 23,605 FTES, a growth yield of 2.44% or 563 resident FTES which was disappointingly lower than the estimated 4.5% or 1,032 that was projected at Tentative Budget.

Due to continued property tax base growth, the District is drawing closer to community supported or basic aid status, a circumstance where its property tax and enrollment revenue would be greater than its total computation revenue (TCR) calculated by the state. As previously noted, there are several factors that are being monitored in this pivotal year such as the level of enrollment fees collected, property tax revenue growth, and Educational Revenue Augmentation Fund (ERAF) negative adjustments, all of which will ultimately affect the District's community funded or basic aid status. With the lowered enrollment estimates, assuming an average 6% property tax growth rate from Santa Clara County, and even without negative ERAF adjustments, the District will be on a "razor's edge" of attaining basic aid status. District staff will continue to closely monitor the situation as the year progresses.

Nonresident revenue is budgeted at \$17.8 million or \$3 million lower than last year's Adopted Budget of \$20.8 million. The 2021-22 Summer and early Fall revenue collection analysis revealed a dramatic +30% decline in revenue as compared to the prior year at the same point in time. Given the proactive measures and other positive initiatives about new markets for the international program, the decline was budgeted at 18% in hopes that the registrations and corresponding revenue will increase as the District moves closer to the Fall term start. The revenue was calculated using 86,804 units which incorporates a conservative 15% Fall unit decrease, plus an expected 2% per quarter attrition rate to reach the average 18% reduction compared to prior year units enrolled.

Given the substantial FTES decline and corresponding \$6 million revenue decrease experienced during the pandemic, in the Tentative Budget it was recommended that any increase in nonresident revenue beyond the base be treated as temporary. At that time, nonresident FTES was estimated to be flat. Given the further decline being experienced, the ongoing nonresident revenue is projected to now drop below the base revenue from the prior fiscal year. The continued volatility of this revenue source requires the District to review its reliance on this particular funding source in relation to ongoing expenses to avoid being dependent upon a volatile revenue source.

Pandemic-related impacts continue to be experienced for the self-sustaining and enterprise functions of the district. As noted previously, the District is currently evaluating the use of its federal relief funding to backfill some of these revenue deficits in the short term. As the nation continues to move out of the pandemic to its "new normal", these areas will continue to be evaluated for short and long term impacts.

Expenditures

The total estimated general fund 2021-22 Adopted Budget expenditures and net transfers equal \$194.2 million with overall expenses increasing by a net \$1.9 million over the 2020-21 Adopted Budget. The overall net change was mainly the result of approximately \$5 million in expenditures related to ongoing increases for salary/benefits due to the reclassification and compensation study, the increased PERS contribution rates and a \$1.2 million one-time planned expenditure for a districtwide facilities condition assessment. The increase was offset by a net decrease of \$1.3 million in certificated salaries mostly associated with the part-time faculty budget as a result of several full-time faculty positions being released early from Supplemental Retirement Program status. Additionally, there was approximately \$3 million in savings in net transfers related to debt refinancing through the Measure G Bond and the reduction of other support transfers such as DSPS due to increase funding from other sources.

Projected Operating Results, Fund Balance and Stability Fund

The Adopted Budget has an unadjusted positive operating result of \$2 million and an ending fund balance of \$36.3 million. The Board has approved remote work compensation payment to faculty employees estimated at \$2.2 million and a minimum support transfer of \$500,000 to the Rate Stabilization Fund which will reduce ending fund balance to \$33.6 million.

The District's Stability Fund balance is intended to offset any actual shortfalls at the end of the year, and has done so for many of the last few fiscal years. The Stability Fund balance at June 30, 2022 is projected to be approximately \$6.8 million after the remote work compensation payment and Rate Stabilization Fund support transfer. In spite of its funding status, either SCFF or community supported, it is critical that the District continues to prioritize keeping a healthy stability fund to weather any economic downturns or other challenges. As shown by the volatility in nonresident revenue, having a stability fund to balance out unexpected shortfalls is critical in keeping the finances of the District stable and allowing for the continued support of our students as we adjust to the changes.

Looking Beyond 2020-21

In these unprecedented times, the District continues to adapt and re-envision how best to meet the needs of our student populations. As a result of the potential of community supported status as well as pandemic related changes, several meetings will be scheduled throughout academic year 2021-22 to solicit input from the various district constituency groups to envision a potential new process to provide educational opportunities for our students. Being flexible and adaptable to change will be key in the District's ability to not only reach a stable fiscal state but also continue to provide the high-level instructional and support services expected by our students, staff, faculty and community.

GENERAL PURPOSE FUND

This page intentionally left blank.

GENERAL PURPOSE FUND**Fund 114**

The General Purpose fund is part of the unrestricted general fund. This fund accounts for the majority of the district's revenues and expenditures. Approximately 84% of this fund's revenue is projected from base apportionment revenue, 9% from non-resident tuition, 2% from lottery proceeds, and 5% from other sources.

Base apportionment revenue is comprised of four revenue sources:

- Property Taxes 86%
- Student Enrollment Fees 12%
- State General Apportionment 1%
- EPA (Prop 30) Proceeds 1%

The state estimates the amount of property taxes and enrollment revenue that will be generated during the year and budgets general apportionment accordingly. When either property taxes or enrollment revenues are less than originally budgeted, the state general apportionment for community colleges is not increased to make up the deficit in base revenues, resulting in the imposition of a "deficit factor" on revenues.

General Purpose Fund expenses account for the majority of the district's operating expenses. Ongoing salaries and benefits comprise 85% of the total budgeted general fund expenses.

Fixed expenses such as leases, utilities, debt payments, insurance premiums, bank and credit card fees, collective bargaining costs, district-wide software maintenance, and a transfer out to DSP&S (Disabled Student Programs and Services), Federal Work Study Program and Parking Fund comprise 10% of the total general fund expenses. The remaining 5% constitutes the campuses' and Central Services' discretionary B budget, approximately \$9.25 million.

SELF-SUSTAINING FUND

SELF-SUSTAINING**Fund 115**

Self-Sustaining funds, as the name implies, counterbalance operating expenditures against the revenues generated from various instructional and non-instructional arrangements. Not all related costs are allocated to these programs but, for those expenses that are charged, the programs are expected to generate income or use accumulated balances to cover them. Although budgets are used as a means to forecast and control revenue and expenditure activity, spending is solely dependent upon their ability to generate sufficient revenue to adequately support such operations.

Most accounts within this group have residual funds, and excess revenues over expenditures are available for use at the respective college's discretion. The residual funds are regarded as *designated funds*, which mean that, although the District regards them as restricted, they are actually *unrestricted* and are reported to the state as such. The Board of Trustees has the discretion to use the funds for any lawful purpose.

RESTRICTED and CATEGORICAL FUND

This page intentionally left blank.

**RESTRICTED and CATEGORICAL
Fund 121/131**

Restricted and Categorical Funds are those resources that come from federal, state or local agencies. In general, funds received by categorical programs are restricted for a specific purpose. The principal programs in the Restricted and Categorical fund are as follows:

Perkins Career and Technical Education Act (CTEA): Federal funds administered by the state for technical education and improvement of career and technical programs.

Student Equity & Achievement (SSSP, Student Equity, & Basic Skills), Staff Development, Staff Diversity, Extended Opportunity Programs and Services (EOPS), Cooperative Agencies Resources for Education (CARE), and CalWORKs: These programs target specific populations or services funded by the state.

Instructional Equipment and Library Materials (Block Grant): State funding carried forward from prior years to meet instructional equipment and library materials needs.

California Virtual Campus Online Education Initiative (CVC-OEI) - formerly Online Education Initiative (OEI): The goal of the initiative is to increase the number of California students who obtain associate degrees and transfer to four-year universities by dramatically increasing the number of online classes available to community college students and providing those students with comprehensive support services to help them succeed. The original five-year OEI grant ended on June 30, 2018.

The Chancellor's Office awarded the second five-year California Virtual Campus Online Education Initiative (CVC-OEI) grant to Foothill-De Anza Community College District. The CVC-OEI grant will be \$20 million per year for five years, ending June 30, 2023. The Chancellor's Office awarded a second one-time augmentation grant to support special projects pertaining to improving CVC-OEI. This grant is for \$35 million and ends by June 30, 2022. CVC-OEI is budgeting \$27.34 million in expenditures for 2021-22, which includes \$20 million from year four of the operational grant, \$1.76 million from fiscal year 2020-21 operational grant, and \$5.58 million from the one-time 2018-19 augmentation grant.

Adult Education Block Grant: The Adult Education Block Grant Program provides adult education funding to county offices of education, school Districts, and regional consortia to support Assembly

Bill 86 specified programs. The intent of AB 86 is to expand and improve the provision of adult education with incremental investments beginning with fiscal year 2015-16.

Economic Development: State funding provided for projects to improve career development services locally and regionally.

Strong Workforce Program: At the recommendation of the California Community College Board of Governors, the Governor and Legislature approved the Strong Workforce Program, adding a new annual recurring investment of \$200 million to spur career technical education (CTE). This was included in the 2016 Budget Trailer Bill and chaptered into California Ed Code 88820-88826. The purpose is to develop more workforce opportunities to lift low-wage workers into living-wage jobs, with the goal of creating one million more middle-skill workers. This program is grouped into seven areas targeting student success, career pathways, workforce data and outcomes, curriculum, CTE faculty, regional coordination and funding, and builds upon existing regional partnerships formed in conjunction with the federal Workforce Innovation and Opportunity Act, state Adult Education Block Grant and public school CTE programs.

Guided Pathways: The 2017-18 California State Budget provided \$150 million in one-time grants for California community colleges to be spent over five years. The Guided Pathways framework creates a highly structured approach to student success that provides all students with a set of clear course-taking patterns that promote better enrollment decisions and prepare the students for future success.

Health Services Fees: Health Services fees are set by the state and we are mandated to provide a fixed level of services. These fees are collected from students and are restricted for the provision of health services for students.

California College Promise (AB19): Provides funding to help increase the number of high school students enrolling into California Community Colleges, the number of students successfully completing a career education goal or transferring, and reducing and eliminating achievement gaps.

Mellon Scholars Grant: Funded by the Andrew W. Mellon Foundation. This grant was awarded to Foothill-De Anza in partnership with the University of San Francisco and was renewed for an additional four-year \$1.8 million grant from 2021 to 2024. These funds support selected underserved and underrepresented students, identified as Mellon Scholars, in the study of humanities with the ultimate goal of obtaining a four-year college degree.

Higher Education Emergency Relief Fund (HEERF): As a continuation of the prior CARES Act funding, the District received HEERF II and HEERF III funding authorized by the Coronavirus Response and Relief Supplemental Appropriations Act (CRRSAA) and by the American Rescue Plan (ARP) respectively to support and serve students and ensure learning continues during COVID-19 pandemic.

SPECIAL EDUCATION FUND

SPECIAL EDUCATION**Fund 122**

Special Education is a program mandated by *Title V* and is partially funded by a restricted categorical state fund, with the remaining balance covered by a transfer in from the General Purpose Fund. It provides services for students who have physical, developmental, or learning disabilities. Services include special classes, interpreters, on-campus assistance, test-taking assistance, computer-aided labs, and priority registration.

For the 2021-22 Adopted Budget, we anticipate receiving approximately \$3.25 million in state revenues for Special Education. Expenses for the Special Education Fund are estimated at \$7.31 million. The District anticipates to transfer in \$4.05 million from the General Purpose Fund as college effort and to balance the fund. The college effort funds are necessary to meet the state requirement for receiving state Disabled Student Programs and Services (DSP&S) revenues and serving students with special needs.

FEDERAL WORK STUDY FUND

FEDERAL WORK STUDY**Fund 123**

Federal Work Study is a federal program providing financial aid to students in the form of compensation for work performed for on-campus and off-campus work. The District is required to contribute 25% of the total funds compensated to work-study employees. Beginning with the 2000-01 year, institutions were required to spend at least 7% of the work-study allocation to pay students performing community service work.

For fiscal year 2021-22, the Department of Education has offered a waiver for the 25% District contribution. De Anza College opted to take the waiver while Foothill College continues making the District contributions as in past years.

PARKING FUND

PARKING**Fund 125**

Fees from parking permits are governed by the state Education Code section 76360. This fund collects all revenues and expenses associated with providing parking services at both campuses. Revenues are derived from sales of parking decals, daily permits, and fees from special events. Expenditures are restricted by state law to road and parking lot maintenance, parking security costs, related operating overhead and public transportation for students and staff. Unlike the health fee, the parking fee does not rise automatically with the Consumer Price Index. This results in continued reductions to security services for parking and virtually no dollars available for parking lot maintenance.

We are projecting a decline in revenue as the District is planning to charge parking fees for only Winter and Spring Quarters, thus creating an excess of operating expenses over revenue of \$742K. This will be covered, as in prior years, by a transfer in from the General Purpose Fund to allow the Parking Fund to break even for the year, resulting in no fund balance.

CAMPUS CENTER USE FEES FUND

CAMPUS CENTER USE FEES**Fund 128**

Revenues are generated by collecting a mandatory fee for use of the campus centers at each institution. The proceeds are isolated by campus and are restricted for the following purposes in order of priority: 1) retirement of Certificates of Participation financing the campus center expansion and renovation projects, 2) repair and replacement of existing student campus center facilities, and 3) personnel support of campus center operations.

The Campus Center Use Fee Fund is projecting a positive fund balance of approximately \$387K for 2021-22. This is due to the fact that the Campuses' portion of the 2016 Certificate of Participation matured on April 1, 2021.

CHILD DEVELOPMENT FUND

CHILD DEVELOPMENT**Fund 30**

The Child Development Fund supports the costs associated with the Child Development Center located at De Anza College. The De Anza Child Development Center provides childcare to children between the ages of one and six years old. The center is also utilized as a facility for Early Childhood Education students to observe and train. In 1999-00, De Anza opened an infant-toddler center to support Foothill-De Anza students, including CalWORKs students, and for use by the community.

For 2021-22, we are budgeting \$1.6 million in revenue from local parent fees, \$443K from state contracts, \$460K from state tax bailout funds, and \$10K in revenue for federal and state food reimbursement. We are budgeting total revenue and related expenses of approximately \$2.54 million for the Child Development Fund.

CAPITAL PROJECTS FUND

CAPITAL PROJECTS

Fund 40

Each account in this fund represents a specific capital project objective of sufficient importance to warrant separate accounting from the General Purpose Fund. Project budgets, budget transfers, and actual project expenditures are periodically submitted for review to the Board of Trustees, and if necessary, state agencies. Bond funded project activity is also periodically reviewed by the Board's Audit and Finance subcommittee and the Citizens' Bond Oversight Committee.

Budgets are reported on a project basis against expenditures incurred over the years the project is active which is referred to as project-to-date expenditures. Actual revenues and expenditures are also reported and accounted for on fiscal year basis. Funding may come from either outside sources, such as state sources, General Obligation Bonds, or from transferring resources from internal funds to fund projects that meet the capitalization threshold and requirements for the assets being created. Facilities and Operations assumes fiscal responsibility for most of these financial accounts and reconciles these accounts with the project cost accounting system. The district currently has a number of major capital outlay projects, clean energy projects and scheduled maintenance projects either under construction or in various queues.

Capital Projects: The Governor's Enacted Budget for 2021-22 includes an increase of \$511 million of one-time Proposition 98 General Fund to address deferred maintenance, which can be used for physical plant, instructional support and water conservation projects. These resources allow districts to protect investments previously made in facilities, and to improve students' experiences by investing in new instructional equipment. For 2021-22, the district will receive \$13,481,288 for Physical Plant and Instructional Support, for which no local match is required.

Measure C Projects: On June 6, 2006, voters in the district's service area approved by a 65.69% margin a \$490.8 million General Obligation Bond (Measure C). In May 2007, the district issued Series A bonds of \$149.9 million and Series B bonds of \$99.9 million. In June 2011, the district issued Measure C, Series C bonds for \$184 million. In October 2016, the district issued Measure C, Series D (tax-exempt) bonds for \$26 million and Series E (taxable) bonds of \$30.76 million. The bond measure will enable the district to upgrade electrical, heating, and ventilation systems; upgrade fire/seismic safety; repair leaky roofs, improve disabled access, repair/expand classrooms for nurses/paramedics; upgrade technology; and repair, construct, acquire, and equip buildings, classrooms, libraries, sites, and science/computer labs. All bond expenditure activity is deemed to be in support of education.

Measure G Bond: On March 3, 2020, voters in the district's service area approved by a 58.88% margin an \$898 million General Obligation Bond (Measure G). The bond measure will enable the Foothill-De Anza Community College District 2021-22 Adopted Budget to repair or replace aging plumbing systems to prevent flooding and water damage, improve water conservation and install systems that will help manage future droughts; improve deteriorating gas, electrical, sewer and plumbing lines and systems; replace aging internet and electrical wiring; improve earthquake safety; upgrade, repair, and maintain classrooms and labs for science, technology, engineering, math-related fields, and career preparation fields like healthcare and early childhood education, as well as improve vocational classrooms and labs for auto repair and technology training programs; construct new permanent buildings; and to improve access to college facilities for students with disabilities.

In January 2021, the Board of Trustees approved the initial version of the Measure G Bond projects and high-level budget allocations. Since then, some of these projects have been updated through Board approved bond list revisions to refine the scope, budget, update the name, and assign the project number consistent with the District's accounting system.

The District issued the first two series of bonds totaling \$110 million from the \$898 million voter-approved authorization in April 2021. Series A represented \$20 million tax-exempt bonds and Series B consisted of \$90 million taxable bonds.

ENTERPRISE FUND

ENTERPRISE FUND
FOOTHILL and DE ANZA CAMPUS CENTERS
DE ANZA EVENT CENTER

The Enterprise Fund is accounted for in a manner whereby the total costs of providing goods and services are financed or recovered primarily through user charges. Enterprise operations are comprised of the Foothill and De Anza College Campus Centers and the De Anza Event Center for the Performing Arts. The Campus Centers include the two Bookstores and De Anza Dining Services. Financial activity in the Enterprise Fund is measured by gross margins and net profit rather than by the governmental budget to actual measurement.

Enterprise Fund

Foothill and De Anza Bookstores

The Foothill and De Anza bookstores have been operating with an online store, with staff physically present since April of 2019. De Anza bookstore is expected to be physically open for students during the Fall quarter. Foothill bookstore will continue to be online with limited pickup services.

The overall business activities have been significantly affected by the COVID-19 pandemic. A net loss is projected for the fiscal year 2021-22. These projections are based on bookstore operations being operated internally; however, it is anticipated that operations will be outsourced to a third-party company, Follet, in October 2021. Outsourcing the operation of the bookstores will have a material impact on these projections.

Foothill - a net loss of \$340K will be covered by a transfer in from the General Purpose Fund
De Anza - a net loss of \$133K will be covered by the DA Bookstore fund balance

De Anza Dining Services

Business activities have been significantly affected by the COVID-19 pandemic. Dining services should open on a limited basis during the Fall quarter. A net loss of \$518K has been projected for fiscal year 2021-22.

De Anza Event Center

The Board of Trustees permanently closed the Flint Center in Spring 2019 with the intention to replace the existing facility with one that would better benefit the students and community. The District is continuing the process of soliciting input for a new facility and has identified the De Anza Event Center as one of its anticipated Measure G funded projects.

INTERNAL SERVICE FUND

INTERNAL SERVICE

Fund 60

The purpose of this fund is to separately account for particular services provided on a District-wide basis. Costs associated with providing health benefits, workers' compensation, extended sick leave, and post-retirement benefits are to be accounted for in the Internal Service Fund, and an appropriate service rate is charged to each of the other funds.

In the past, this fund was used almost exclusively as an accounting convenience to charge benefits in one fund and then distribute them to all other funds. Certain positive or negative ending balances are closed to the Unrestricted General Purpose Fund at year-end. Benefits accounting analysis continues to improve on the various benefit types, requirements, costs and funding. As more information becomes available, changes to improve reporting and accounting efficiency have been implemented. As an example, activities are monitored separately with performance measured in accordance to specific objectives and timelines which has an effect on the Rate Stabilization Fund (RSF).

The Rate Stabilization Fund (RSF) is accounted for within the Internal Service Fund. It is used to offset costs and stabilize the variable benefit rate increases so that increasing costs can be "smoothed out" more gradually, allowing time to adjust the plan and/or rates in an informed manner through the Joint Labor Management Benefit Committee (JLMBC). The RSF activity is reported on a calendar year basis to align with the benefit plan year. Final RSF benefit plan year balances are reported in the second quarter report after plan year contributions and expenses are closed out in December.

OTHER TRUST (OPEB)

This page intentionally left blank.

OTHER TRUST (OPEB)**Fund 79**

This fund reports on assets that are set aside in an irrevocable trust to help address the District's unfunded liability related to Other Post-Employee Retirement Benefits (OPEB). In accordance with Governmental Accounting Standards (GASB) and other state government codes, the funds are invested in an IRS Section 115 trust fund, California Employers' Retiree Benefit Trust Fund (CERBT) under CalPERS. The actuarial study and funding plan were prepared in accordance with GASB 75. This does not affect the reporting of Fund 79 within the quarterly financials, which only presents the budget and income statement activity during the fiscal year.

Annually, this fund incurs minimal activity consisting of the District's annual contribution, income and fees. This is typically recorded in the second quarter, with investment income and administrative fees recorded in the fourth quarter of the fiscal year with the projected new-year balance reflected in the Adopted Budget.

For the 2021-22 fiscal year, we will recommend a transfer of \$1.5 million from the General Purpose Fund to contribute to the California Employers' Retiree Benefits Trust (CERBT) for Other Post-Employment Benefits (OPEB) liability. The following table is a historical summary of the irrevocable trust's activity which reflects an estimated balance of \$34,999,788 for fiscal year 2021-22.

Report Notes & Definitions

Start Date: Scheduled start date or first expenditure, whichever comes first.

End Date: When project is available for intended use.

Bond Expenses To Date: Represents paid and accrued expenses through the reporting period end date.

Projects will not be listed in the "Complete" phase until they are financially complete.

The Measure C audited financial statements reflect an additional Cost of Issuance expense of \$1.8 million that exceeded the premium received for each bond series sale.

Rounding factors may apply.

Project Status Guidelines

-  **Ok:** Project has normal range of issues.
Cost (Contingency): ¹ Contingency ≥ 5% of Budget Remaining
Schedule Large Capital Projects (Required Occupancy Date - Forecast Completion Date): ² > 2 Months Schedule Contingency
Schedule Other Projects (Required Occupancy Date - Forecast Completion Date): ² > 1 Months Schedule Contingency
-  **Caution:** Project has significant issue(s), however, project team has a solution and/or options.
Cost (Contingency): ¹ Contingency < 5% and ≥ 3% Budget Remaining
Schedule Large Capital Projects (Required Occupancy Date - Forecast Completion Date): ² > 1 and < 2 Months Schedule Contingency
Schedule Other Projects (Required Occupancy Date - Forecast Completion Date): ² ~ 1 Month Schedule Contingency
-  **Problem:** Project has significant issue(s) without a current solution.
Cost (Contingency): ¹ Contingency < 3% of Budget Remaining
Schedule Large Capital Projects (Required Occupancy Date - Forecast Completion Date): ² < 1 Month Schedule Contingency
Schedule Other Projects (Required Occupancy Date - Forecast Completion Date): ² < 2 Weeks Schedule Contingency

¹ **Budget Remaining** = Total Budget – Cost to Date – Encumbered

² **Forecast Completion Date** = Project is ready to be occupied for its intended purpose (Work is usably complete including equipment installation and outfitting. Some punch list items may remain and financial closeout may still be pending).

Problem Project Details

As the Measure C Bond Program moves toward close out and the final expenditure of funds, the Project Status Guidelines for a Problem Project (as defined above) no longer includes the use of Contingency in its definition since Contingency must be spent for program close out.

GLOSSARY

Abatements: The cancellation of part or all of a receipt or expense previously recorded.

Accounts Payable: Amounts due and owing to persons, business firms, governmental units or others for goods or services purchased and received but unpaid as of June 30. This is different from an *encumbrance*, which is goods or services purchased but not received or paid by June 30.

Accounts Receivable: Amounts due and owing from persons, business firms, governmental units or others for goods or services provided but uncollected prior to June 30.

Appropriations: Funds set aside or budgeted for a specific time period and specific purpose. The state legislature sets the appropriations for community colleges and other agencies through the Budget Act each year. The deadline for the Budget Act to be passed is July 1 but the legislature and governor rarely adhere to this deadline. The Board of Trustees sets the appropriations limits for the district when it approves the budget. The tentative budget must be approved prior to July 1, and the final budget must be approved prior to September 15. The trustees must approve revisions and changes to the appropriations limits by resolution.

Appropriation for Contingency: An official budget category established by the state for schools to budget contingency funds. Expenditures are not to be made from this category. Rather, transfers are made as required to the appropriate expenditure categories.

Appropriations Limitation: See Gann Limitation.

Assessed Valuation: A value of land, residential or business property set by the county assessor for property tax purposes. The value is the cost of any newly built or purchased property, or the value on March 1, 1975, of continuously owned property plus an annual increase of 2% (see Proposition 13). The assessed value is not equivalent to the market value, due to limitations of annual increase.

Associated Students Funds: These funds are designated to account for monies held in trust by the district for organized student body associations established pursuant to Chapter 1, Division 7, Part 47, of the Education Code (commencing with Section 76060).

The governing board must provide for the supervision of all monies raised by any student body or student organization using the name of the college (ECS 76065).

Audit: An examination of documents, records and accounts for the purpose of determining (1) that all present fairly the financial position of the district; (2) that they are in conformity with prescribed accounting procedures; and (3) that they are consistent with the preceding year.

Balance Sheet: A statement that shows assets, liabilities, reserves and fund balance or fund deficit of the community college district as of a specified date. It exhibits the financial condition of a district. Balance sheets are provided in the "311" report and in the district's external auditor's report.

Basic Aid District: A community college or K-12 district that does not receive state funds because its revenues from local property taxes and student enrollment fees provide more than it would receive under the Student Centered Funding Formula (SCFF).

Board Financial Assistance Program – Student Financial Aid Administrative Allowance (BFAP-SFAA): Funds are solely dedicated to cover the cost of the delivery of student financial aid. Some of the costs allowed are for financial aid professional, technical, clerical or temporary help (including student help) who report in a direct line to the Financial Aid Director, staff training, software and hardware, development of outreach materials...etc.

Bonded Debt Limit: The maximum amount of bonded debt for which a community college district may legally obligate itself. The total amount of bonds issued cannot exceed a stipulated percent of the assessed

valuation of the district. General Obligation Bond issues require a 55% vote of the electorate. These are known as Prop 39 Bonds, replacing the law that lowered the approval limit from 66-2/3 to 55%.

Measure E Bond was passed in November 1999 for a maximum authorization of \$248,000,000.

Measure C Bond was passed in June 2006 for a maximum authorization of \$490,800,000.

Measure G Bond was passed in March 2020 for a maximum authorization of \$898,000,000.

Bonded Indebtedness: A district's debt obligation incurred by the sale of bonds.

Bookstore Fund: This fund has been classified as an enterprise fund designated to receive the proceeds derived from the district's operation of the colleges' bookstores. All necessary expenses, including salaries, wages, and costs of capital improvements for the bookstores may be paid from generated revenue.

California College Promise – AB 19: California College Promise provides direct assistance to eligible California residents to cover the cost of fees, books, supplies...etc.

College Promise Grants (formally known as, Board of Governor's Fee Waivers): The California College Promise Grant, formerly known as the Board of Governors Enrollment Fee Waiver (BOGW), waives enrollment fees for qualified students.

Capital Outlay: Capital outlay expenditures are those that result in the acquisition of, or addition to, fixed assets. They are expenditures for land or existing buildings, improvement of sites, construction of buildings, additions to buildings, remodeling of buildings, or initial or additional equipment.

Capital Project Funds: Capital Project Funds are used to account for financial resources to be used for the acquisition or construction of capital outlay items.

Categorical Funds: Categorical Funds are those resources that come from federal and state government agencies. In general, funds received by categorical programs such as Student Equity & Achievement, Strong Workforce, EOPS, CARE, BFAP, PERKINS...etc. are restricted for a specific purpose. These funds must comply with the requirements of the program and are governed by additional laws and regulations, fiscal management, special reporting, audit...etc.

Child Development Fund: The Child Development Fund is the fund designated to account for all revenues for or from the operation of childcare and development services under Chapter 2, Division 1, Part 5, of the Education Code (commencing with Section 8200).

Consumer Price Index (CPI): A measure of change in the cost of living compiled by the United States Bureau of Labor Statistics. Consumer price indices are calculated regularly for the United States, California, some regions within California, and selected cities. (See Gann Limit.)

COP: Certificates of Participation are used to finance the lease/purchase of capital projects. Essentially, they are the issuance of shares in the lease for a specified term.

Current Assets: Assets that are available to meet the cost of operations or to pay current liabilities.

Current Expense of Education: Usually regarded as expenses other than capital outlay, community services, and selected categorical funds.

Current Liabilities: Amounts due and payable for goods and services received prior to the end of the fiscal year.

Debt Service Funds: Debt Service Funds are used to account for the accumulation of resources for, and the payment of, general long-term debt, principal and interest.

Disabled Student Programs & Services (DSP&S): The purpose of these special programs and services is to integrate disabled students into the general college population; to provide educational intervention leading to vocational preparation, transfer or general education; to increase independence; or to refer students to the community resources most appropriate to their needs.

Education Protection Account (EPA): The Education Protection Account (EPA) provides local educational agencies (LEAs) with general purpose state aid funding pursuant to Proposition 30, the Schools and Local Public Safety Protection Act of 2012, approved by the voters on November 6, 2012. The EPA funding is a component of an LEA's total revenue limit, community college total computational revenue, or charter school general purpose entitlement.

Employee Benefits: Examples are (1) group health or life insurance payments; (2) contributions to employee retirement (STRS-State Teachers Retirement System or PERS-Public Employees Retirement System); (3) OASDI (Social Security) and Medicare taxes; (4) workers' compensation payments; and (5) unemployment insurance.

Encumbrances: Obligations in the form of purchases, contracts, and other commitments that have been ordered but not yet received. At year-end, there are often many such orders. For year-end encumbrances, the budgets are carried over to the next fiscal year to cover the expenses that are recorded when the items have been received or services rendered. Year-end encumbrances tend to distort both the year-end balance of the just-completed fiscal year and the new year's expense budget. When reviewing year-end reports and new budgets, one must be especially careful regarding encumbrances so as not to misinterpret the true financial condition of the district.

Enrollment Fees: Enrollment Fees is authorized by the Education Code 76300 and 76140(k) and California Code of Regulations Section 58500 et seq. The fee amount is set by legislative statute as a mandatory fee charged on a per unit basis for semester or quarter.

EOPS: Extended Opportunity Programs and Services. Amounts apportioned for the purpose of providing allowable supplemental services through EOPS to encourage enrollment of students challenged by language, social and/or economic disadvantages.

Fifty Percent Law: Section 84362 of the Education Code, commonly known as the Fifty Percent Law, requires each community college district to spend at least half of its "current expense of education" each fiscal year on the "salaries of classroom instructors." Salaries include benefits and the salaries of instructional aides.

Fiscal Year: Twelve calendar months; in California, it is the period beginning July 1 and ending June 30. Some special projects use a fiscal year beginning October 1 and ending September 30, which is consistent with the federal government's fiscal year.

Fixed Assets: Property of a permanent nature having continuing value; e.g. land, buildings and equipment.

Full-time Equivalent Student (FTES): The number of students in attendance as determined by actual count for each class hour of attendance or by prescribed census periods. Every 525 hours of actual attendance counts as one FTES. The number 525 is derived from the fact that 175 days of instruction are required each year, and students attending classes three hours per day for 175 days will be in attendance for 525 hours. That is, three times 175 equals 525. FTES has replaced ADA. Districts complete Apportionment Attendance Reports (CCFS-320) and Apprenticeship Attendance Reports (CCFS-321) to report attendance. These are carefully reviewed by auditors. The importance of these reviews lies in the fact that the two reports serve as the basis for allocating state general apportionment to community college districts.

Funds, Restricted: Restricted funds are monies designated by law or a donor agency for specific purposes. Some restricted fund monies which are unspent may be carried over to the next fiscal year. The use of the carryover funds is usually limited by law to the specified purpose(s) for which the funds were originally collected.

Funds, Unrestricted: Unrestricted funds are monies not designated by law or a donor agency for a specific purpose are considered unrestricted. Unrestricted funds may need to be accounted for separately or may have been designated by the Board for a specific purpose, but they are still legally regarded as unrestricted since the designation may be changed at the Board's discretion.

Gann Limitation: A ceiling on each year's appropriations supported by tax dollars. The limit applies to all governmental entities, including school districts. The base year was 1978/79. The amount is adjusted each year, based on a price index and the growth of the student population.

General Ledger: A basic group of accounts in which all transactions of a fund are recorded.

General Purpose Tax Rate: The district's tax rate, determined by statute as interpreted by the county controller. Base rate was established in 1978, after the passage of Proposition 13, and changes have occurred based on a complex formula using tax rate areas.

Governmental Funds: These are accounting segregations of financial resources for attaining institutional objectives. Expendable assets are assigned to the various governmental funds according to the purposes for which they may, or must, be used. Governmental accounting measurements focus on determining financial flow of operating revenues and expenditures, rather than net income.

Hold Harmless: The temporary Hold Harmless provision under Student Centered Funding Formula, allows the College/district to continue to receive state funds based on 2017-2018 funding adjusted for cost-of-living adjustments (COLAs). This funding is above what the district would have generated under the SCFF metrics. Currently, the Hold Harmless provision has been extended through 2023-24.

Homeowners Property Tax Relief Revenue: Local tax revenue for reimbursement of lost revenue due to homeowners' property tax exemptions pursuant to GC 16120.

LEA: Local Educational Agency.

Mandated Costs: School district expenses which occur because of federal or state laws, decisions of federal or state courts, federal or state administrative regulations, or initiative measures (See SB 90, 1977).

Non-Resident Tuition: A student who is not a resident of California is required, under the uniform student residency requirements, to pay a tuition fee as prescribed by ECS 76140. The nonresident tuition fee rate is required to be established annually by March 1st for the subsequent academic year. Education Code Section 76140 provides the parameters including a minimum and maximum to set a District's nonresident tuition rate based on recent standardized financial data adjusted for inflation. Education Code Section 76141 also allows for an optional additional capital outlay fee to offset costs associated with capital, maintenance and equipment costs as outlined in statute.

Objects of Expenditure: Objects of expenditure are articles purchased or services obtained by a school district, such as:

Certificated Salaries (account series 1000)

Includes expenditures for full-time, part-time and prorated portions of salaries for all certificated personnel.

Classified Salaries (account series 2000)

Includes expenditures for full-time, part-time and prorated portions of salaries for all classified personnel.

Employee Benefits (account series 3000)

Includes all expenditures for employers' contributions to retirement plans, and for health and welfare benefits for employees or their dependents, retired employees and Board members.

Books, Supplies & Misc. (account series 4000)

Includes expenditures for books, supplies, materials, and miscellaneous.

Operating Expenses (account series 5000)

Includes expenditures for consultants, travel, conferences, membership dues, insurance, utilities, rentals, leases, elections, audits, repair and maintenance contracts, and other contracted services.

Capital Outlay (account series 6000)

Includes expenditures for sites, improvement of buildings, books and media for libraries, and new equipment.

Other Outgo (account series 7000)

Includes expenditures for retirement of debt, interfund transfers, other transfers, appropriations for contingencies, and student financial aid.

PERS: Public Employees' Retirement System. State law requires school district classified employees, school districts and the state to contribute to the fund for full-time classified employees.

Prior Years Taxes: Amounts provided from tax levies of prior years and adjustments to taxes reported in prior years. These include delinquent secured and unsecured tax receipts, applicable penalties and any tax sale proceeds of prior years.

Proceeds of Taxes: Defined in the Gann Amendment as revenues from taxes plus regulatory licenses, user charges and user fees, to the extent that such proceeds exceed the costs reasonably borne in providing the regulation, product or service.

Productivity: The efficiency with which we use our resources. The ideal faculty productivity is measured by WSCH/FTES. WSCH is Weekly Student Contact Hours and FTES is Full-Time Equivalent Students.

Proposition 13 (1978): An initiative amendment passed in June 1978, which added Article XIII A to the California Constitution. Tax rates on secured property are restricted to no more than 1% of full cash value. The measure also defines assessed value and the voting requirements to levy new taxes.

Proposition 98 (1988): An amendment to the California Constitution establishing minimum funding levels for K-14 education and changing some of the provisions of Proposition 4 (Gann limit).

Redevelopment Agency (RDA): Effective October 1, 2011, ABX1 26 dissolved all redevelopment agencies and community development agencies, hereinafter referred to as RDAs. Upon dissolution, any property tax revenues that would have been allocated to the RDAs are to be made available to cities, counties, special districts, and school and community college districts. RDA property tax revenue due to community college districts is allocated to the Prop 98 state funding formula for K-14 districts.

Reserves: Funds set aside to provide for estimated future expenditures, offset planned operating deficits, unexpected revenue shortfalls, or for other purposes. Districts that have less than a 5% reserve are subject to a fiscal 'watch' to monitor their financial condition.

Revenue: Addition to assets not accompanied by an obligation to perform services or deliver products. This is in contrast to *income*, which is accompanied by an obligation to perform services or deliver products. General apportionment is generally regarded as revenue while categorical funds are treated as income.

Proceeds, on the other hand, are cash receipts recorded appropriately as revenue or income. The three terms are often treated, albeit incorrectly, as interchangeable terms.

Revolving Fund: The district is authorized (ECS 85400-85405) to establish a revolving cash account for the use of the chief business official in securing or purchasing services or materials.

Secured Property Tax Revenue: Local tax revenue generated from assessed real property value such as homes and business buildings (business property that is leased is unsecured property). Secured taxes are assessed against secured property.

Senate Bill 90 (1977), Chapter 1135/77: A law passed by the California legislature in 1977 that allowed districts to submit claims to the state for reimbursement for increased costs resulting from increased services mandated by the state or by executive orders. Mandated cost provisions were added to the California Constitution upon the passage of Proposition 4 in 1979.

State General Apportionments: The state general apportionment is the main source of unrestricted general fund revenue for most community college districts. It is calculated under the Student Centered Funding Formula to arrive at a district's Total Computational Revenue or TCR. The TCR is funded by various sources that include local property taxes, student fees, and other state funds. There are other types of apportionments for programs such as special education, apprenticeship, and EOPS.

Strong Workforce Program (SWP): The SWP helps to develop and create more workforce opportunities to lift low-wage workers into living-wage jobs, with the goal of creating one million more middle-skill workers. The district receives funding through apportionment.

STRS: State Teachers' Retirement System. State law requires school district employees, school districts, and the state to contribute to the fund for full-time certificated employees.

STRS On-Behalf: Recent GASB Statements have required that school districts recognize on their financial statements the contributions made by the State of California to CalSTRS on behalf of school districts for their employees. This reporting change became necessary with the implementation of GASB Statements 68 and 71 in the 2014-15 fiscal year. The contributions made by the state are based on rates defined in Education Code Sections 22955.1 and 22954 and vary from year to year.

Student Financial Aid Funds: Funds designated to account for the deposit and direct payment of government-funded student financial aid.

Federal Aid:

- Pell Grants
- SEOG (Supplemental Educational Opportunity Grant)
- Perkins
- Higher Education Emergency Relief Fund I (CARES Student)
- Higher Education Emergency Relief Fund II (CRRSSA Student)
- Higher Education Emergency Relief Fund III (ARP Student)

State Aid:

- EOPS (Extended Opportunity Programs & Services)
- CAL Grants
- California College Promise
- Disaster Relief Emergency Student Financial Aid
- Early Action Emergency Financial Aid (SB85)
- Student Success Completion

Student Centered Funding Formula (SCFF): The Student Centered Funding Formula (SCFF) implemented in 2018-19 allocates funding to community college districts to meet the goals and

commitments set forth in the California Community College's Vision for Success to close the achievement gaps and boosting key student success outcomes. The SCFF supports access to funding through enrollment-based funding, as well as student equity. The SCFF targets funds to districts that serve low-income students and student success equitably by providing districts with additional resources for successful student outcomes. The SCFF includes the following three allocations: Base Allocation, Student Success Allocation and Student Success Allocation. There is also a temporary Hold Harmless provision category effective through 2023-24.

Student Equity and Achievement Program (SEA): The Student Equity and Achievement (SEA) Program was established in Education Code (EC) 78222 with the intent of supporting Guided Pathways and the system wide goal to eliminate achievement gaps. In 2018, the SEA Program merged funding from three initiatives: The Student Success and Support Program; the Basic Skills Initiative; and Student Equity.

Supplemental Property Tax Revenue: Local property tax revenue generated from the supplemental roll since the last secured roll was issued due to reassessments of base year property value for supplement events such as change in ownership or completion of new construction.

TOP: Taxonomy of Program. This was formerly called the Classification of Instructional Disciplines. Districts are required for state purposes to report expenditures by categories identified in the "311." The major categories are:

- Instructional
- Instructional Administration
- Instructional Support Services
- Admissions and Records
- Counseling and Guidance
- Other Student Services
- Operations and Maintenance
- Planning and Policymaking
- General Institutional Support
- Community Services
- Ancillary Services
- Property Acquisitions
- Long-term Debt
- Transfers
- Appropriation for Contingencies

TRANS: Tax Revenue Anticipation Notes. These are issued to finance short-term cash flow needs. The notes are paid off within a 13-month period using the proceeds of current fiscal year taxes.

Unsecured Property Tax Revenue: Local property tax revenue generated for the district's share of the one percent ad valorem property tax on the unsecured roll for moveable property such as boats, airplanes, furniture, and equipment in a business.

PERKINS V: Federal funds established to improve career-technical education programs, integrate academic and career-technical instruction, serve special populations, and meet gender equity needs. These allocations are a part of the state's Vocational Education Basic Grant Award from the U.S. Department of Education under the Strengthening Career and Technical Education for the 21st Century Act (Perkins V), previously known as the Carl D. Perkins Career and Technical Education Improvement Act of 2006 (Perkins IV).

Warrant: A written order drawn to pay a specified amount to a designated payee. For example, the district issues payroll warrants to employees each month. Payroll warrants are commonly referred to as "A" warrants, while warrants for goods and services are referred to as "B" warrants. When there aren't enough funds to back warrants, they may be *registered*. That means they act as IOUs. In July of 1992, for example, the state issued registered warrants until it had enough cash to pay for them.
